# Manage an Account

The personalization (picture, cover, etc.) and the management (password, privacy settings, etc.) of your LifeWatch Italy Community account is administered via the profile page. To access your profile page, you must **click on your account name** visible, when logged in, at the top right-hand corner of the screen.

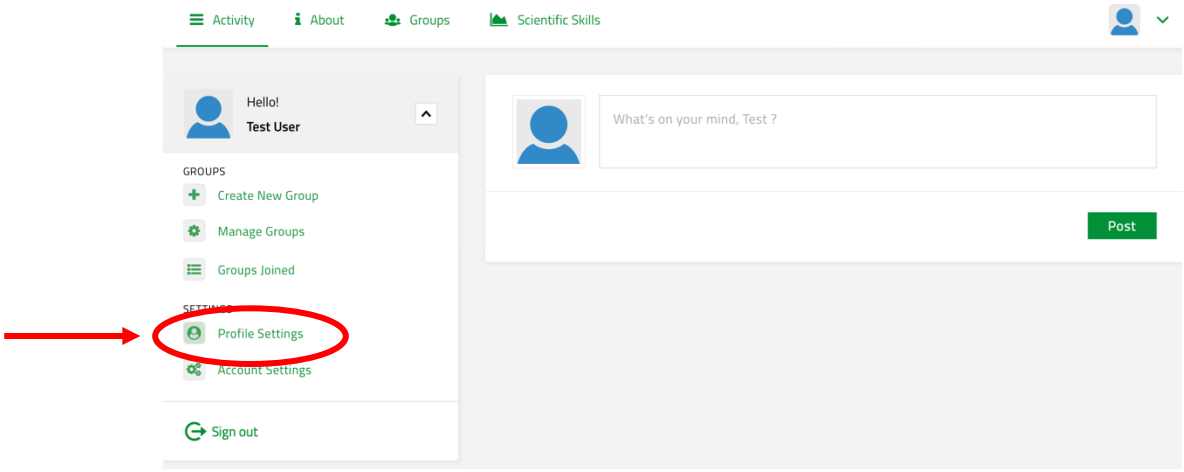

The **profile page** looks as follows and **includes a Settings section**.

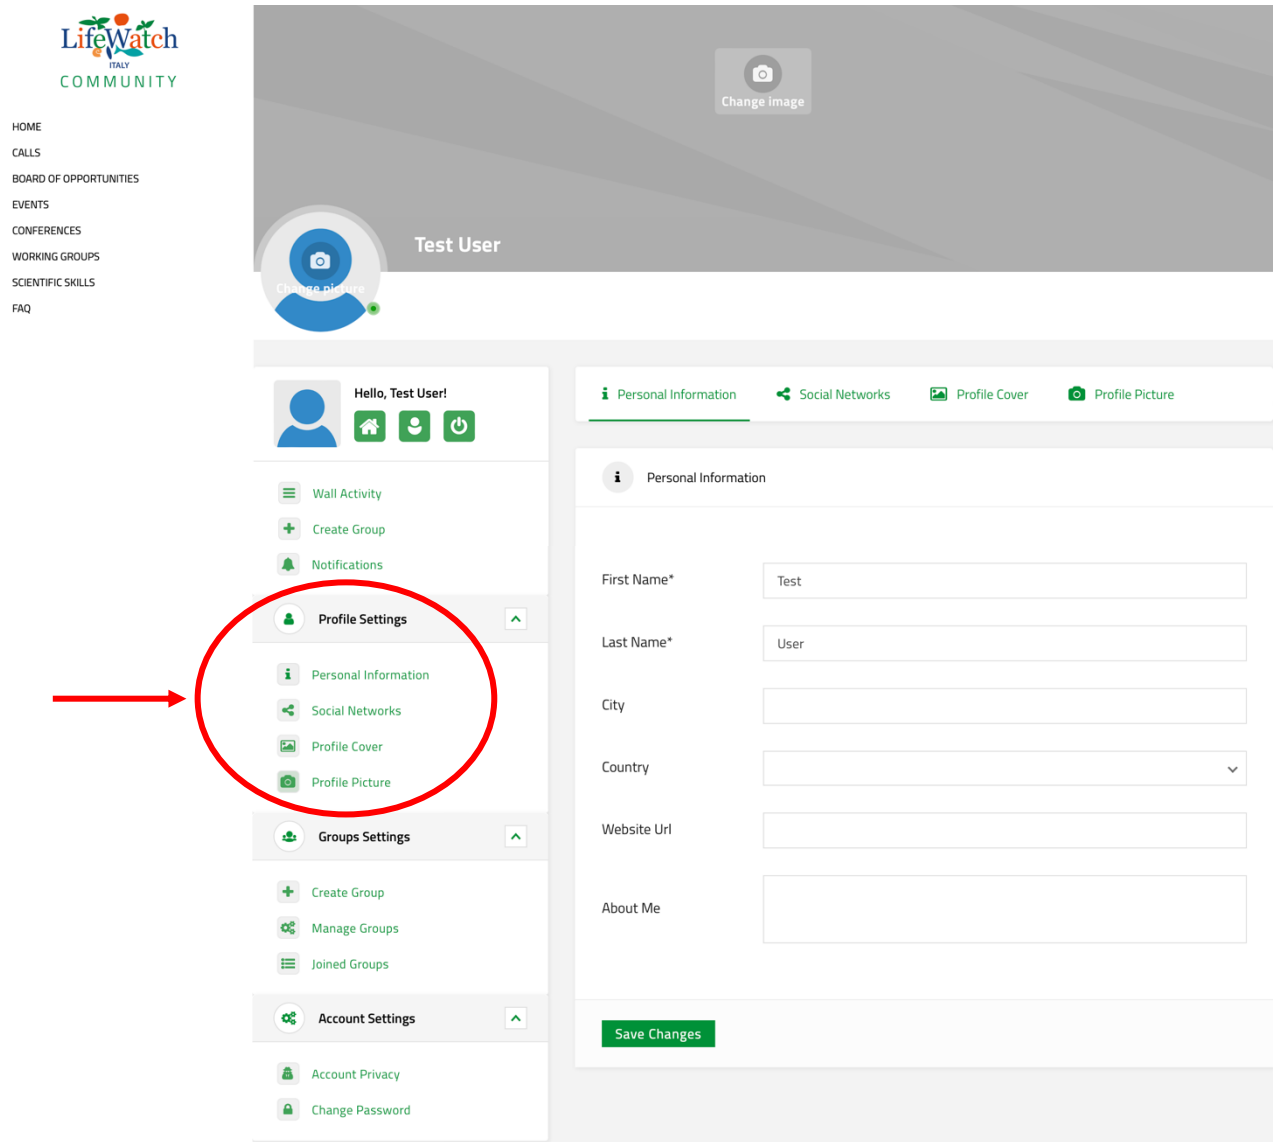

## A. Edit profile settings

**1.** In the main Settings section select and **click on Profile Settings**.

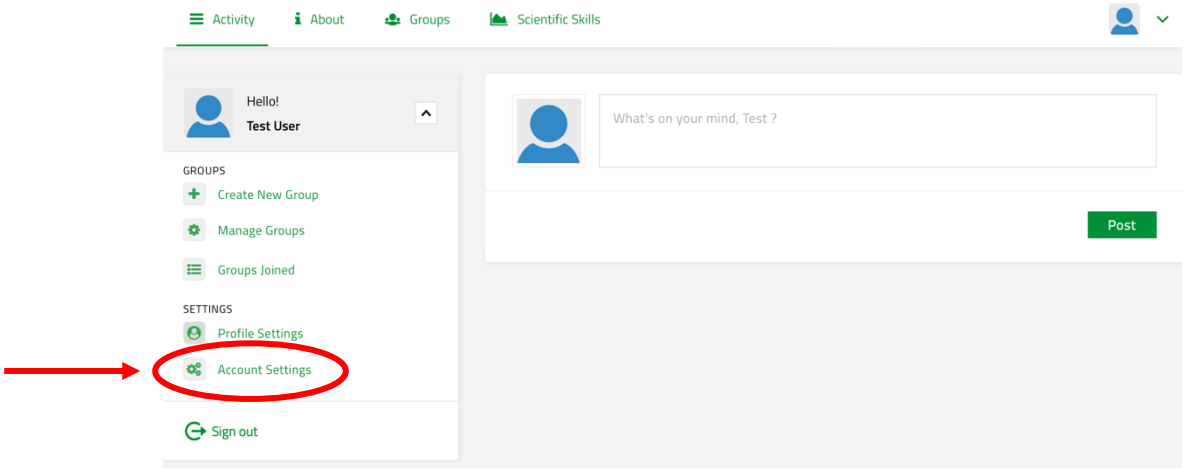

**2.** In the Profile Settings section, you can **complete your Personal Information**, **link your profile to your Social Networks**, and **upload a Profile Cover and Profile Picture**.

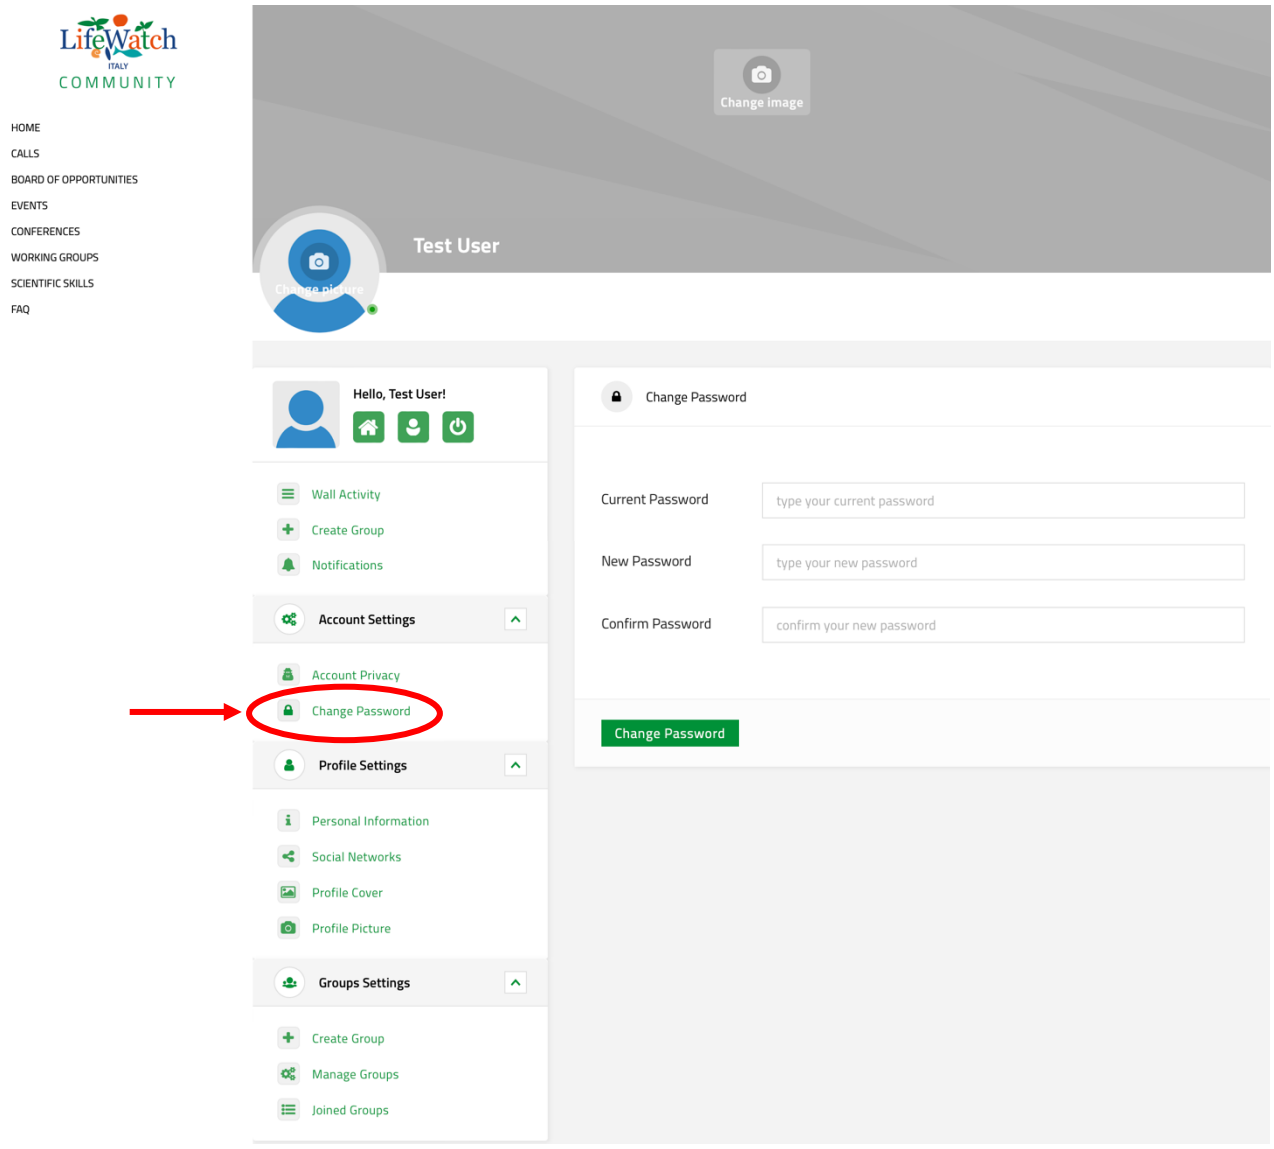

## B. Change password

**1.** In the main Settings section select and **click on Account Settings**.

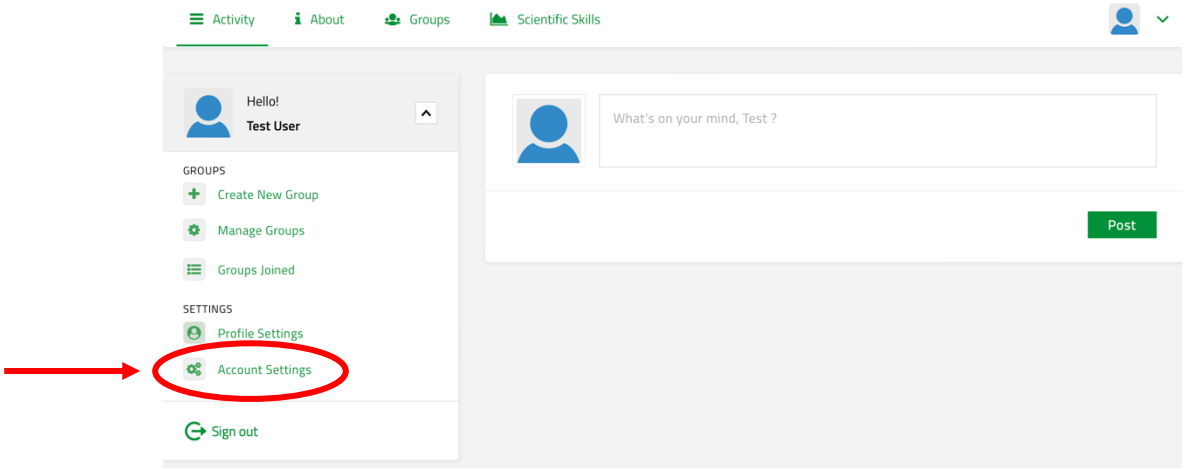

**2.** In the Account Settings section, you can **easily reset your password**.

## C. Change privacy settings

**1.** In the main Settings section select and **click on Account Settings**.

**2.** In the Account Settings section, select and **click on Account Privacy and choose how visible your profile should be to other members** of the Community.
